

**Aiming to expand its business,
SENKOPLANTECH Co., Ltd. has converted
Aya Construction Co., Ltd. into its subsidiary.**

Senko Plantec Co., Ltd. (Headquarters: Nobeoka-shi, Miyazaki; President: Asahiro Hayaishi), a group company of the SENKO Group which was engaged in construction, especially civil construction, and heavy load transportation, acquired the shares of Aya Construction Co., Ltd. (Headquarters: Nobeoka-shi, Miyazaki; President: Masahiro Taguchi), which was engaged in construction and industrial waste collection and transportation; and converted Aya Construction Co., Ltd. into its subsidiary on July 3, 2017.

Since being established in 1975, Aya Construction Co., Ltd. has been engaged in civil works such as river maintenance work and road maintenance, which are ordered by the Ministry of Land, Infrastructure, Transport and Tourism and municipalities such as Miyazaki Prefecture and Nobeoka City, and industrial waste collection and transportation.

Aya Construction Co., Ltd. has earned positive reviews from government agencies and holds a high rank of qualification for participating in tendering for public works.

Converting Aya Construction Co., Ltd. into a subsidiary will allow Senko Plantec Co., Ltd. to cooperate in receiving orders of public works, which will result in the expansion of its business fields.

In addition to that, joining the SENKO Group will allow Aya Construction Co., Ltd. to expand transactions other than public works and strengthen its management structure.

Senko Plantec Co., Ltd. and Aya Construction Co., Ltd. will further strengthen construction businesses and expand their business fields.
