

# Launched Fashion Logistics Center in Narita Area

**- Strengthened logistic services for imported brand products -**

TOKYO NOHIN DAIKO Co., Ltd. (*TOKYO NOHIN DAIKO*) in the SENKO Group has launched “Narita Fashion Logistics Center I (*Narita FLC I*) in Tomisato, Chiba on May 1, 2015.

Serving as a core member of the SENKO Group in the fashion logistics business, TOKYO NOHIN DAIKO has developed a business dedicated to logistics for apparel manufacturers and department stores. This newly-launched Narita FLC I is a large-scale fashion logistics center, six stories high above the ground and with gross floor area of 36,000m<sup>2</sup>.

TOKYO NOHIN DAIKO is aiming to expand its logistics business for imported brand products and many of imported brand products are shipped by air; therefore Narita area is regarded as a logistics hub dedicated to import brands. Preparations have been made for the launch of the new center as the second center in Narita area following to the existing “Narita Center”.

Narita FLC I provides QC services that are TOKYO NOHIN DAIKO’s strength (i.e. quality control services including product inspection, needle detection, care labelling and repair of defective products for apparel products), product storage and delivery, mainly for brand products imported

through Narita Airport. As the center deals in high-end brand products, it takes all possible security measures including entry/exit management using an IC card and 24-hour manned security.

In order to further expand and strengthen logistics services for imported brand products in Narita area, "Narita Fashion Logistics Center II" is planned to be established in April next year (2016) in the vicinity of the new center.
